

# Patient Enrollment App

**Simplify the fulfillment of Focus Vision Supplements for your patients while maximizing revenue and eliminating the need to manage inventory!**

Now your front desk staff can quickly set up patients with ongoing subscriptions to our supplements through our new patient enrollment app. The entire process takes only a few minutes and can be easily added to your existing tablets or computers used during patient check out. This app was created to ensure that your patients receive their recommended supplements on an ongoing basis.

## Ease of Setup

- Our app is optimized for tablets but can be quickly added to your existing device(s) at the front desk.
- Credit card scanners will be provided so that payment can be captured quickly.
- Our app enables for ID scanning to allow for easy input of the patient's mailing address without any manual data entry.

## CLINIC BENEFITS

**Recurring revenue for your practice for every patient subscription that is setup** (receive 30% rebate on all sales and auto renewals) — Your patients can quickly be set up on auto-renewing subscriptions, that track back to your practice's quarterly rebate check.

**No need to manage inventory** — Save time and free up office space.

**Ease of use** — Facilitate checkouts for bottle and subscription sales in just a few minutes with an existing tablet or PC at your practice. Our app utilizes technology like credit card and ID scanning to save you time by eliminating the need for any manual data entry.

**Compliance & quality of care** — Peace of mind to know that your patients will receive the supplements they need.

## PATIENT BENEFITS

**Discounted pricing** — All patients receive a 10% discount.

**Convenience** — Patients are quickly set up with single bottles or ongoing subscriptions while at your practice.

**Have questions or want to get started?**
